# History of Vernon County

The 1955 NEVAMO pays tribute to VERNON COUNTY, MISSOURI, which is observing its 100th ANNIVERSARY. To record 100 years of history is a goal beyond the limitations of a school yearbook. It is our intention only to emphasize to the students the importance of this event, and to attempt to create an enthusiastic participation in the celebrations being planned by the Vernon County Centennial Committe for the week July 3-9. Since this year marks a great milestone, the NEVAMO staff has worked especially hard to make the 1955 book one to remember. We have found it fascinating to learn of the historical events which have shaped our community. It has been exciting to read the Histories of Vernon County: the files of the yearbooks and the special issues of the newspaper. We are also indebted to a summary of Vernon County history made several years ago by Miss Beulah Roller and Mrs. Amos Wight. We have found that discrepancies exist in some records and dates, and we know that our portrayal of this school year and some of our educational past is not always accurate. Consequently, the 1955 NEVAMO is not an attempt at historical research, but it is published with the idea that taking part in the VERNON COUNTY CENTENNIAL is an exciting experience long to be remembered.

Long before the coming of white men, Vernon County was inhabited by the OSAGE INDIANS, an name meaning "the strong armed." This tribe of Indians was said to be the finest specimen of western Indians. The members were tall, erect, and dignified; they were very agile and muscular. The two branches of this tribe were known as the Big Osage and the Little Osage Indians. The villages of the Big and Little Osage Indians were about six miles apart, and were located in the northern part of the county in the angle formed by the Union of the Marmaton with the Osage River. This location would be in the present Blue Mound township near the Blue Mounds.

The year 1719 is a year of importance, for it was then that the first white man ever came to this area of America. He was a young French-Canadian named Du TISSENET (Du Teen), who was sent here by the governor of Louisiana, De Beinville. It was his purpose to explore this county and to make friends with the Indian tribes. The Indians were friendly toward Du Tissenet, giving him food and clothing and guiding him over the country. It is unfortunate that Du Tissenet's name was not bestowed on some feature of Vernon County, so that his memory could endure forever.

Before 1763 the Louisiana territory of which Vernon County was a part was owned by France. After the French and Indian War, France ceded the territory to Spain. While Spain owned this territory, many fur traders roamed over the country which is now Vernon County. In 1803 the territory of Louisiana was given back to France. Napoleon sold the whole of the Louisiana territory to the United States for fifteen million dollars.

President Thomas Jefferson selected LIEUTENANT ZEBULON PIKE to head an exploring expedition to determine whether the Louisiana Purchase had been a wise investment. Pike found Vernon County to be a beautiful place, rich in natural resources, and well worth the 3 CENTS PER ACRE, for which it had been purchased. He had a guarantee of a friendly reception by the Osage Indians, because he brought with him 51 Osage Indians whom he had rescued from another tribe. By befriending these Indians and returning them safely home, Pike knew that he was assured of their friendship. A great ceremony was held to celebrate the return of the captive Indians. One of the Indians, Totobasi, made a great speech in which he said, "Osages, you now see your sons, daughters, wives, and brothers returned to you. Who did this? Was it the French? No. Was it the Spanish? No. It was the Americans. What can you do in return for all this goodness? All your lives would not suffice to repay their goodness."

After Pike's visit, the Osage Indians for the most part were friendly to the United States. In 1808 they made a treaty of friendship and peace with the United States and at the same time ceded some of their land. During the war of 1812 they remained faithful to the United States. The British were never able to buy the support of the Osage as they were some of the other Indian tribes. Two British agents, entering the Osage village, trying to incite the Indians against the Americans, were hanged as spies by the Indians. The Osages remained loyal to the terms of their treaties with the Great White Father in Washington.

In 1820 a delegation of Osage Indians who were on business at Washington expressed a desire to have missionaries sent among them. As a result of this request HARMONY MISSION was established in 1821. It was the hope of the missionaries that the students at the school would return to their tribes and lead them to adopt their new ideas and modes of living. Unfortunately, after leaving the school, the students relapsed into their former ways of living. Strangely enough, a majority of the students died soon after reaching their homes. Death probably came as a result of the change in the mode of living but the Indians chose to consider it the result of attending school, and were more opposed to education and civilization than ever.

In the year 1825 the United States government bought all the land in Vernon County from the Osage Indians. For the land the United States agreed to pay the Indians even thousand dollars a year for twenty years. The covernment was to give the Indians some horses, cows, logs, and tools to use in farming. The Indians also were provided with a blacksmith. The government built each of the four chiefs of the tribe a house. The Indians had the leave their homes in Vernon County and go into tansas. They sorrowfully left the burial grounds of their neestors and the land they loved in search of new homes.

THE FIRST ACTUAL SETTLEMENT of Vernon Couny by white men with the intention of making this their
ome was established in 1829 by Jesse, Moses, and Allen
ummers, who came here from Kentucky. They had inended to settle at Harmony Mission, but decided not to
exate there because they had found other tillable lands
in the Osage. Then, in 1837, BALLTOWN was established,
though it had been called at first Austin's Mill. It was
a Balltown that the first postoffice in Vernon County
has located. Balltown was at one time a place of much
importance and was well-known throughout the county.

But the Indians' happiness in Kansas was short-lived. eir crops did not grow well and soon they did not have ough food; their blacksmith and teacher soon left. The vernment forgot to pay them the money it had promised. 1838 the Indians decided that since the Great White ther had forgotten his promises, they would go back their old homes in Vernon County. Because they were ingry, they killed a steer and four or five hogs belonging the white settlers at Balltown. In a fight which followed, e white man and several Indians were killed. News of e battle was so greatly exaggerated that the Governor lled out 800 militiamen, who proved a greater nuisance an the Indians had. This made the government recognize failure to live up to its agreements. Then the Indians gan to receive payment and other considerations listed the treaty. All the Osage Indians were forcibly removed the reservations in Kansas. Though they often visited eir old homes, the Indians never again tried to fight the hite settlers.

Before 1854 Vernon County was a part of Bates County of Cass County. The settlers appealed to COLONEL ILES VERNON, a Virginian who had moved to Missouri, king Colonel Vernon to help them secure a county of eir own. In 1855, after working four years, he succeeded having the bill passed. Because he had worked for the issage of the bill, the settlers honored him by naming e new county Vernon. The bill reads in part: "... the id new county is hereby named Vernon, in honor of iles Vernon, of Laclede County."

The next problem which faced the settlers was that of building a town in the center of the county. For the sum of \$250 the land was purchased, and the city of Nevada was carefully laid out. The next thing which faced the people was the selection of a name for the new county seat. Some one suggested the name of FAIRVIEW. Because the town had many fair views, this name seemed agreeable to all of the men on the committee. But the county clerk, Colonel Hunter, rushed into the meeting and pointed out that it would be a mistake to name the county seat Fairview because there was already a town of that name in Missouri. Then, telling the men of his trip to California, he pointed out to them that a town which he had liked in California was one called NEVADA CITY. So the name of Nevada City was officially selected. The town began to grow, and by the time the Civil War broke out in 1861, the population of Nevada City had grown to 450.

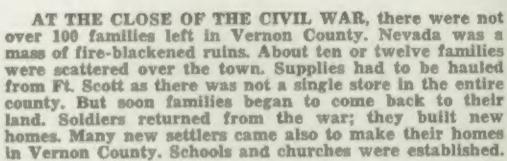

AT THE OUTBREAK OF THE CIVIL WAR most of the people in Vernon County were in sympathy with the CONFEDERATE CAUSE. The men soon joined the southern army, and the women and children were left at home to carry on as best they could. Although they were in sympathy with the Southern forces, they were situated between two strong Northern supporters. Ft. Scott was the headquarters for many Northern troops, and Cedar County was also a stronghold for the North.

By the winter of 1861, the inhabitants of Nevada were in much danger. Many people became fearful lest the Federal troops from Ft. Scott or the bushwackers from Cedar County might burn the town. Accordingly, COLO-NEL HUNTER detached himself from Price's Army and came back to Nevada to get the COUNTY RECORDS and take them back to the Confederate Army for safekeeping. Colonel Hunter and a half-dozen brave men from Montevallo rode into Nevada and took all the books, records, and papers they could find pertaining to public business. These were loaded into a wagon and Colonel Hunter drove rapidly away with them. The records had a remarkable experience. Hunter took them to Springfield. When Price fell back into Arkansas, the Vernon County records went with him. After a year or two, the Confederates had to abandon these records; then they fell into the hands of the Kansas regiment of the Federal Army. Since the hatred of the Kansans for the people of Vernon County was so great, it was naturally supposed that the Kansas people would have burned them immediately. This was, however, not the case. The Federals took the best of care of the records. They placed them in strong boxes and the records of Vernon County passed from their place of capture in the deep South from post to post until they finally came to Ft. Scott. Here they were kept until the close of the war when they were returned to Vernon County with the LOSS OF ONE DEED RECORD BOOK.

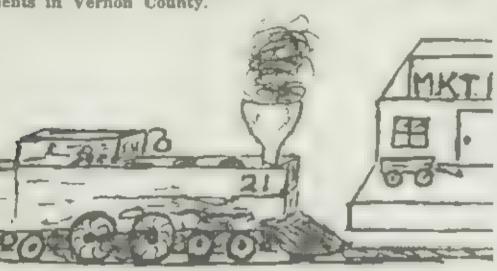

The year 1863 was one of the saddest in the history of Nevada. There were only a few families who remained in the town. Most of the men were gone, and the women and children lived in fear of the frequent raids by the Federal troops from Ft. Scott or from Cedar County. Nevada was called the "BUSHWACKERS' CAPITAL," and the Federal troops were determined to get rid of this enemy center. Federal troops were issued ORDER NO. 11 to search the country side for bushwackers, and to burn the city in an attempt to destroy the hideouts.

The soldiers gave the occupants of the houses only 20 minutes to leave their homes. By the time they had finished burning the houses, only a few buildings remained in all of Nevada. Nevada City was only an ash heap. In all, about 75 houses were burned. The court house, the county buildings, and the stores were destroyed. About a dozen small houses belonging to MR. AUSTIN and MR. MOORE were saved. These houses were spared because Mr. Austin and Mr. Moore promised to take the bodies of two militiamen back to their families in Cedar County. These two men had been killed in Nevada three days before.

An interesting and important event of the year 1866 was the establishment of the "NEVADA CITY TIMES." the first newspaper in the county, whose first issue appeared on June 16th. The first editor and proprietor of the paper was Mr. R. C. Brown. A matter of general interest which caused much excitement at this time was the importation of vast herds of Texas cattle into southwestern Missouri where fine grazing was abundant, Bringing with them a contagious disease they passed it on to native cattle. The seriousness of the situation led to the enactment of stringent laws on the subject by the legislature. It became necessary to station armed men on borders who turned back the proscribed cattle, only the commissioners' wise mastery of the situation preventing actual bloodshed. Another matter of importance was the INCORPORATION OF NEVADA CITY, for it brought about the removal of the word "City" from the title of our town. Ever since that time, it has been called Nevada. In 1876, the M. K. and T. RAILROAD reached Vernon County, and in October of that year the first locomotive came puffing into Nevada. Stage lines to Clinton and Ft. Scott had been the chief means of travel in and out of the community. Nevada grew faster. Deerfield, Moundville, and Montevallo were rebuilt, and Walker was laid out as new village. The Missourl Pacific Railroad was completed in 1882. This caused the new villages of Sheldon, Arthur, New Metz, and Milo. Richards also owes its beginning to the coming of a branch Missourl Pacific road. By 1880, the population of Nevada had reached 2000. BALLTOWN, once as large as Nevada, was missed by the railroads and failed to grow. The cemetery and a few louses now are all that mark one of the earliest settlements in Vernon County.

In 1884 five charming young tadles came to town. They were the Misses Dora, Kate, Mary, Rose, and Virginia Cottey. They came to start a boarding school for girls. Hiss Virginia Cottey, later Mrs. V. A. C. Stockard, had come earlier to find a location. Escorted by Mr. Moore, the was shown several possible locations. She chose a cornfield west of the town where the first building was soon erected. It was finished in time to start school in the fall of 1884. Mrs. Stockard's four sisters came to teach in the school and they had 28 pupils that first year. Mrs. Stockard was President of the school for many years. Many buildings and improvements have been added and COTTEY COLLEGE, now owned by the P. E. O. sisterwood, is a fully accredited Junior College for girls. It is known not only throughout the United States, but also in other countries.

STATE HOSPITAL NO 3 is located in Vernon County one mile north of the city of Nevada, on 520 acres of land donated by the citizens of Nevada, for the purpose of building this institution. This act was created by the Thirty-third General Assembly and approved March 19, 1885. The first patient was admitted October 17, 1887. Since that time, the institution has grown to be a small city within itself.

The GAY NINETIES in Nevada were all the name implies. The town was growing. New business houses as well as many beautiful home were built. There were many gay parties and socials. An Opera House was located above the Moore's store. One well remembered entertainment was the Graves Brothers' quartet consisting of Deck and Boyd Graves, D. B. Bowman, and A. J. Ayers. Even the bicycle built for two had its day with the gay young gentlemen and ladies of the 1890's.

Southwest of Nevada about three miles is located CAMP CLARK, a United States Military Reservation of 1,200 acres, which is used as a training point for the Missouri National Guard. It was started in 1908.

Vernon County borders on the Kansas state line on the west. We are a bit of the great Middle West and we like it. We like it so much we want to keep it, to make it a still better place to live. We like it so much we are sending our young men to far lands to help the other democracies of the world to keep their homes free. We do not fight to win more land but to keep our own, the "Heart of America."

# Anti-Van

"Snow in July" never melted as fast as the piles of sandwiches, pop, and cookies which were provided by the generous parents. Everyone had been working up a "horacious" appetite dancing in the "gym", watching movies in the auditorium, or playing in the game room

"Everybody dance!" and with a shower of balloons the dance was under way. The Moonglowers' music was smooth and cool, and everyone joined in the fun. The gym was aglow with orange and black streamers and alive with ghosts and goblins.

"Hurry down my chimney tonight, Santa cutie," purred the enchanting, alluring Bertha Hitt (Donna Logan) to grinning Jim Burgess as "Santa Baby." Donna's act was part of the Anti-Van Frolics presided over by Ted Kachel and Bob Landes, Earlier in the evening a quiz show spot lighted these two as Groucho Kachel and his able assistant.

# Party

"Tosa me a garter, honey!" roared the crowd at the Frolics. Who wouldn't have yelled at these little lovelies from "Moulin Rouge", as they kicked high to the Can-can? The beautiful babes from left to right are: Fred Teel, Jim Huff, Woody Swearingen, Jerry Curnutt, and Kenny Nunn.

"Double, double, toil and trouble," muttered the weird witches as they consulted their fiery cautdron for a vision of the royal family. Reigning over the evening's fun were Queen Marilyn Etter and King Gary Thomas, Seniors. Prince and Princess, chosen from the Junior High were Sandra Hawkins and Gerald Dahmer, seventh graders. Attendants of the royalty were Maridee Kelso, Linda Loy, Pat Carter, Linda Spillman, Jim Burgess, Jack Nelson, Winston Ogie, and Jim Diehr.

"Man, those ghosts were real!" was typical of the blood-curdling shricks emitted from the Spook Room. Speaking of spooks and spirits, a peek into the crystal ball of the mystic oracle proved revealing for many.

The Homecoming game means that former students will be much in evidence. The florists have a field day as the girls don giant mums. By vote of the football squad the Homecoming Queen is selected. The festivities took place Nov. 12 as the Tigers defeated Mount Vernon Mountaineers by the score of 33-13.

# Nevamo Staff

Mrs. Gene Rimmer Sponsor

The present NEVAMO originated from a booklet known as the COMET, which first appeared in 1906, It was founded to inform the public about the activities in school and to serve as an outlet for student opinion. The first COMET carried advertising from the Thornton National Bank, the Parm and Home Savings and Loan Association, Birdseye Abstract Company, and the First National Bank. All of these long established firms are carrying advertising in the 1955 yearbook.

One of the first editorials which appeared in the COMET had in it a piez for athletics. The following sentences appeared: "Are we becoming a lot of degenerating bookworms? Are we going to let the smaller towns round about outdo us in this line while we remain stient" Let us not act as if we were mechanical contrivances." Each girl was urged to support this movement for an athletic program. An editorial in the COMET reminded girls of the following: "A dainty handkerchief and a smiling face can be seen and recognized a great distance on the athletic field." By 1908, the expected goal had been achieved; the athletic program had become a part of the school. In a COMET of 1907 there were complete drawings of the plans for the central part of our present high school building.

In 1931 the COMFT was discontinued because of in-

The Senior class of 1932 felt that they should have a yearbook. A book called the DEBUT was produced. This book was sponsored by Miss Braham, who is now Mrs. George Pohl.

Through the years 1933 to 1936, no yearbook was poblished. In 1937, a book called the MODERNIQUE made its first and only appearance.

The first NEVAMO was published in 1938 and has been published continuously since then. We are fortunate in having copies of all books, with the exception of the yearbook of 1915.

# Crimson and Gray Staff

John Van Hoy Adviser

The first Issue of the Nevada High School paper, which is now the "CRIMSON AND GRAY", was published October 5, 1926, under the sponsorship of Mrs. Virginia Symns. Lacking a name, the staff used the heading "WHAT IS IT9" and a contest was held to select a name for the paper with the prize being a year's free subscription. The first year the paper sold for fifty cents a year or ten cents a month and had a circulation of three hundred. The original staff of fourteen, which included a printing staff in the high school, published the paper every Tuesday.

In 1931 the size of the paper was doubled; the printing was done by a local printer, and the paper was issued bi-weekly. The "CRIMSON AND GRAY" has been a member of the Quitt and Scroll since 1930. It was a member of the National Scholastic Press Association from 1930-1944 and has been a member of the Missouri Interscholastic Press Association since 1948, Mr. John Van Hoy is the present adviser of the paper, which is produced by his journalism class.

# Future Farmers of America

The Nevada chapter of the Future Farmers of America was started in 1939 with thirty-nine members. The aim of developing competent, aggressive agricultural leaders has been realized under the leadership of the advisor, Mr. A. L. Mahaffey. Over a period of sixteen years. Nevada's chapter has had one of the outstanding clubs in the state with fourteen boys becoming State Farmers This is an award second only to the American Farmer Award, the highest recognition that can be achieved by any member. The chapter's fine record is also shown in the many different awards received in field crops, farm shop, and animal judging contests throughout the district and state. With fifty-seven members this year, the Nevada chapter of the Future Parmers of America is looking ahead to bigger and better borizons in the field of agriculture.

# Future Homemakers of America

The Enture Homemakers of America was organized in 1945. Inward New Horzons is the club motto. This club, which meets twice each month, is composed of girls in the upper four grades. Club officers are elected every year. Any girl who has had one semester of home economics is eligible for membership. The club has each year a mother-daughter banquet.

# Sweater Club

The sweater Club was organized in 1947 by Mrs. Inez Cockrell. The club gets its name from the uniforms of the members - skirts and sweaters. All girls in the seventh eighth, and ninth grades are eligible for membership The aims of the club are: (1) to set a good example of sportsmanship and sportsmanlike conduct for the student body; and (2) to support Junior High athletic teams, by forming a cheering section for organized yells. For leading these yells, the members choose one all-school yell leader and six other leaders, two from each class. The outstanding project of the club is sponsoring tag day sales The girls are given points for participating in these sales and for attending the games. At the end of the year, these points are totaled. The girls with the highest number of points are awarded letters. Those with the next highest are given certificates of merit

# **Tigerettes**

Although the exact year of the first organized pep club in N. H. S. is unknown, the 1930 yearbook contains the first picture of the group, known then simply as the Nevada Pep Club, In the fall of 1941 the present Tigerette Club was organized. Under the provisions of the club constitution, all girls in the tenth, eleventh, and twelfth grades interested in promoting team spirit are eligible to become members. They are subject to a point system which determines outstanding service. Throughout the years of its existence, the main money-making projects of the group have consisted of handling concessions at the games. The proceeds have been used for decorations at various school dances and the purchase of letters for deserving members, At present there are six cheerleaders, four of whom are elected to represent their respective classes. The all-school leader and the assistant are chosen by the entire student body. The sponsor of this group has always been the girls' Physical Education teacher, and the present sponsor is Mrs. Gall Keithly

The Commercial Club was organized in 1919, with a membership of twenty nine. To be engible for the Commercial Club, it is necessary to have at least one year of typing and shorthand in addition, it is required that a member should do at least two pieces of work to show her interest

The purposes of the club are to make the students more efficient in ofice work and to give them experience in the commercial bine. The first sponsor, Miss Nell Dorman, (Mrs. Clay Tolle who returned to this school in 1954-55) helped them build confidence and efficiency toward the art of being a secretary.

Besides helping the students in becoming more efficient in office work, the Commercial Club has been a service to the school.

"N" Club

The "N" Club is one of the oldest organizations in the school During the past few years, under the leadership of Coach Gene Rimmer the N" Club has sponsored many activities such as the boxing shows, selling refreshments at student activities, and sending its members to the basketball tournaments in Kansas City The club is composed of boxs who have won letters in athletics. One of the high points in the year for members and for spectators is the initiation period for the prospective members.

# Youth Club

The first Youth Club was started in 1943, in quarters located across from the post office. It was moved in 1945 to the building now occupied by the Singer Company on the east side of the square. It was moved to its present site, across from the high school, in 1946. At that time the membership cost was \$1.00 for a year's membership. The Youth Club was open to all boys and girls under twenty years of age. Within the past few years the membership fees have been dropped, and the Youth Club is one of the agencies supported by the Community Chest.

The Nevada Youth Association, an adult organization, sponsors the Youth Club. The Youth Council plans the activities of the Club. This council is made up of representatives elected by each class in the high school.

Although it is difficult to determine the exact dates, it is believed that the first Nevada High School band was organized in 1927 under the direction of Mr. Eidon C. Jones. Mr. Floyd Curnutt, who began his work in Nevada this year, is the ninth director of the band.

In the past few years as the band has grown larger, the school has bought some of the larger and more expensive instruments for the group. This fine musical organization performs at athletic events, school sponsored gatherings, and town parades and picnics. This year the band had the distinction of playing at the ceremonies marking the visit of Vice-President Richard Nixon to Nevada. The annual band concert was presented January 27, 1935

#### THESPIANS

Some of the first dramatic organizations at Nevada High School were "Deus Ex Machina" and The Dramatics Club

Thespians Troupe 1349 was installed in Nevada Righ School in 1953-54 when the speech department was reactivated. The initial chapter had 24 members and was sponsored by Miss Lena Eckhart. Thespians is an honorary dramatic society and at the present time is under the sponsorship of Mr. Clifford Haislip.

The members must earn 10 points before they are initiated into Thespians. These points are given for acting and crew work on various dramatic productions. The production, "The Willow and T' was presented on February 17, 1955.

# Special

Boys' State is sponsored by the American Legion. Its purpose is to teach boys to become better citizens through actual experiences in citizenship and government. The boys are nominated by the Junior Class, and the number citizible depends on the number of organizations sponsoring a boy. Pictured are representatives Frank Benthorn, Wooddy Swearingen, Karl Householder, Ted Kachel and Hob Steele

Girls' State is sponsored by the American Legion, Each year girls from the Junior Class are selected, and the representatives for the 1954 session were Jeanie Broughton and Janet Barton

Each year the American Legion chapters throughout the state sponsor oratorical contests. There are four contests which may be entered, and the subject is specified as The Constitution. Pat Carter was selected to represent Nevada Junior-Senior High School. Pat was also selected to attend the Sophomore Pilgrimage in Jefferson City. The alternate named for this honor was Doyle Cohick, Students are chosen by the faculty and the members of the Sophomore Class on the basis of leadership and citizenship. Standing with Pat is the winner of the D. A. R. Citizenshp Award, Sherrill Wise. Winner of this award is required to take a test in American History

### Awards

Other awards which are made after the yearbook goes to press are: The Richardson Scholarship, the A.A.U.W. Scholarship, D.A.B. Citizenship Award, the B.P.W. Scholarship, P.E.O. Scholarship, V. F. W. Award for Citizenship, Elks' Award for Londership, The Leadership Award and the Citizenship Award. During the summer the Nevada Council sends several members to different meetings for leadership training. In June Gary Thomas attended the 18th annual National Association of Student Councils Convention at St. Paul, Minnesota. The theme of the convention was "Better Citizens through the Student Council." Beventeen of the six hundred and forty delegates were from Missouri. In August Sherrill Wise and Bob Steele attended a Workshop at the University of Missouri, Karl Householder attended a Leadership Camp in August held at Cheley Camps in Colorade. The purpose of this meeting was to train leaders from all parts of the country.

The Spencer Tractor and Equipment Company held a contest in plowing, and Tommy Holcomb won first place. Tommy will represent Nevada High School at the district contest to be held in Springfield.

The 7th annual convention of the Missouri Association of Student Councils was held at Eldon, Missouri on March 11 and 12. The purpose of the convention was to train leaders and to present ways to improve student councils. #### NEOSHO

In their first conference bid of the season, the Tigers took on another outstanding team, the Neosho Widcats. Neosho's shifty backfield went to work soon after the kickoff, with quarterback Arenz breaking away to score from the ten. A Tiger fumble on the 25 resulted in the Wildcat's second tally, which put them in the lead, 16-6. Unable to cope with Neosho's brilliant backfield work, the Tigers let two more TD's slip past them and the halftime score stood 26-6. Fighting back in the third quarter, the Tigers bulled across for their first score and extra point. This opening drive was climaxed by Nevada's second touchdown, after driving downfield from their forty. The try for point after touchdown was good, making the score 24-14. Arenz again broke away for his fourth score of the game to put Neosho into a 33-14 lead as the gun sounded ending the game.

#### CASSVILLE

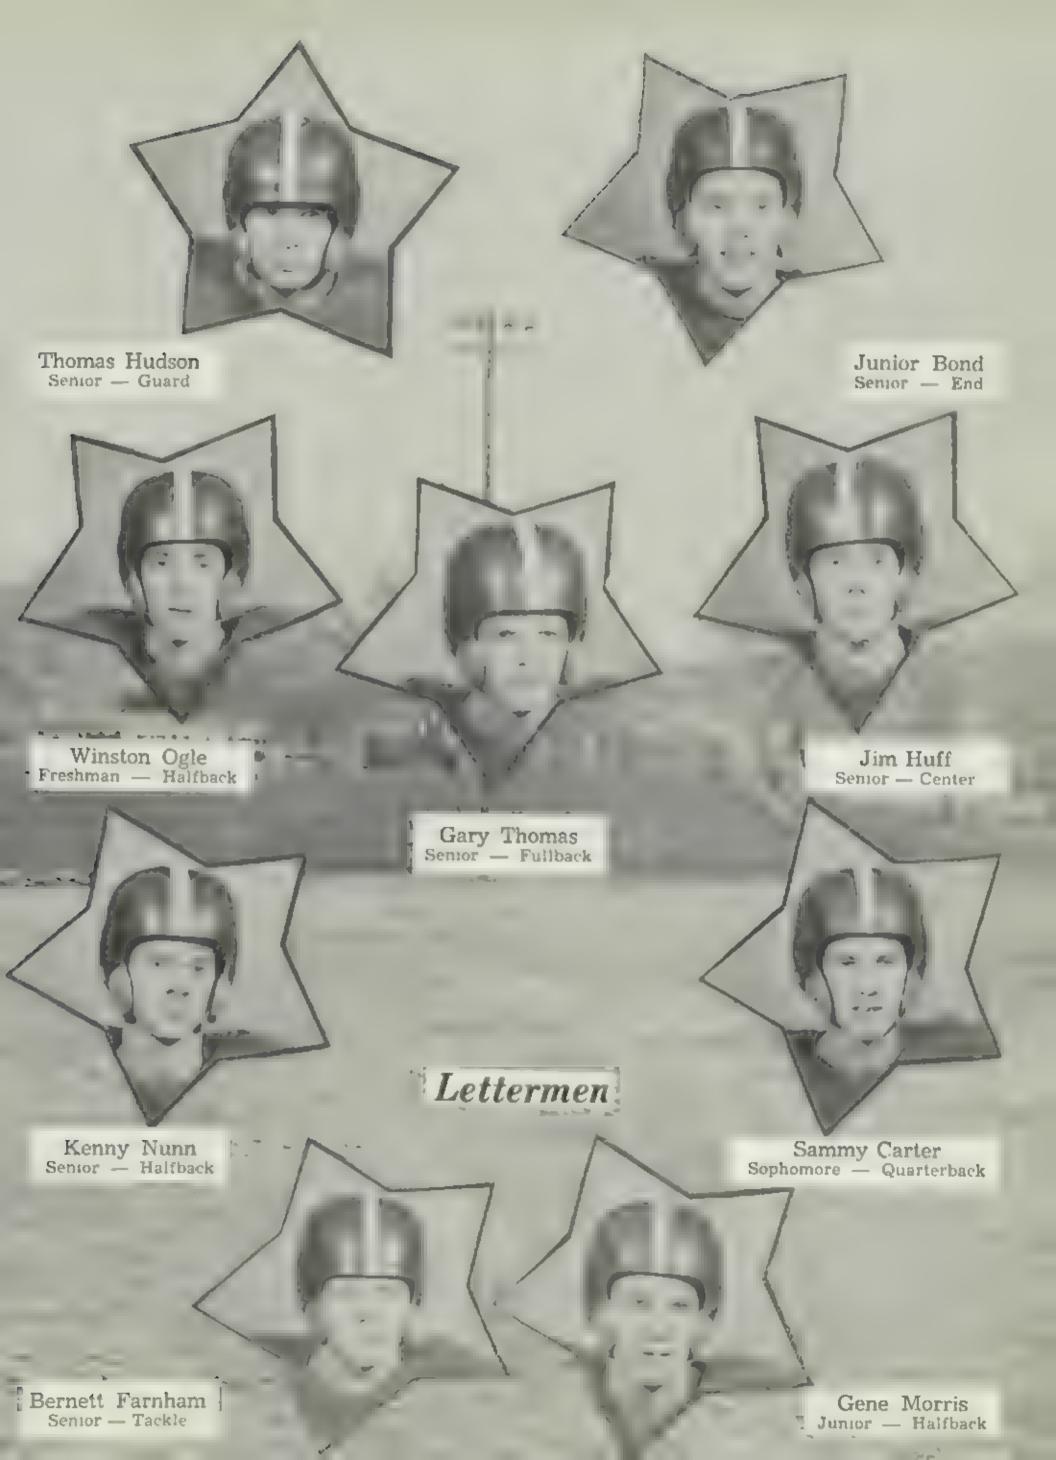

Nevada's 36-6 defeat of Cassille the next work was reminiscent of the recent Nevada-Neosho contest,— except that it was the Tigers who were romping over the goal line. The Tigers scored twice in the first few minutes of the game and Bond helped by dropping a Wildcat man behind his own goal line for a safety. Penalties began to mark the game from that point on, with the majority being called against the Wildcat's, who seemingly would gain 3 yards and be marked back 15. With the acore 15-0 at the start of the second half, the Tigers marched through 3 first downs to a score. Thomas added another 6 points to Nevada's total on a 30 yard run along the right sideline. Werst went over again toward the end of the quarter, with half the Tiger "B" team blocking for him. Cassville's lone tally came in the final quarter as the game ended with the Tiger's on the right side of a heartening 36-6 tilt.

#### CARTHAGE

The next week the Nevada Tigers sweated out a 12-7 victory over their namesakes from Carthage in a game which had the spectators standing during the final moments of the contest. Nevada's first score came early in the first quarter after Nevada recovered a Bengal fumble on their own 36 yard line. After a sustained drive, Thomas went through to give the Tigers a 6 point lead. Nevada's scoring closed when Nunn, intercepting a tarthage pass, raced to their 16. Vilott went across to make it 12-0 at the half. In the fourth quarter, the taut Carthage line held Nevada on duwns and took over on their own 31 yard line, and alternately sailed and marched down field to score the Bengal's first tally. The try for extra point was good, leaving Nevada with a shaky 3 point lead and minutes left. After being held to downs. Nevada punted to the Carthage 20. The visitors then took to the air in earnest but failed to connect as the clock ran out

#### MONETT

Injuries handicapped Nevada as they lost to the Monett Cubs by a long 25-6 score. The host Cubs got underway early as a 55 yard run hit paydirt. Coming back strong, the Tigers scored on a Carter to Bond pass which knotted the score 6.6. The Cubs scored again as the half ended on a long pass making it 12-6 at halftime Coming out hard, the Monett leam held Nevada scoreless as they added two more TD's, one in each frame

#### MOUNT VERNON

Before a large homecoming crowd, the Nevada Tigers won their third conference game, defeating the Mt Varnon Mountaineers 33-13. On a series of penalties, the Mountaineers took 95 yards of sethacks, but kept in the game with a 13-6 Nevada lead at the half way mark Beginning early in the third quarter, the Tigers drove across for two more TD's behind the scoring punch of Werst and Morris, Homecoming Queen Jeanie Broughton and her attendants, Joyce Belcher and Sharon McComb, presided over Nevada's victory which upped them to lifth place in the big hine standings

Morris pulls away to 6 point territory as the Tigers roll against Cassville

#### AURORA

Nevada dropped before the onrush of the Aurora Houn' Dawgs by a margin of 21-7. Aurora tasted first blood minutes before the half as they caught Nevada behind their own goal to score a safety. They added a TD as the half ended, giving them an a point lead Aurora scored soon again after the second half kick-off to give them a 15-0 margin, Nevada's scoring resulted as Bond, taking two successive passes from Carter, scored a TD and the extra point, Aurora scored again in the tate minutes of the game on a tong run. The game ended with a 21-7 final score in favor of the Houn' Dawgs

#### WEBB CITY

Traveling the next week to Webb City, the Tigers in a hard-fought ground attack, caught up with Webb City's lone tally to the the acore 7-7 at halftime. After pushing each other around throughout the third quarter, both teams went to work in the final period. Early in the fourth quarter, Webb City drove over to lead 13-7 Nevada's return attack was climaxed by a 38 yard run to paydirt and the acore was knotted again, 13 all. The Cardinals filled the air lane with aerials, until, after many tries, they scored on a long pass. The kick for point was good, leaving Nevada on the short end of a 20-13 final count

#### LAMAR

In the annual battle for the silver tiger, Nevada journeyed to Lamar to play one of the best teams in the conference. A battling Nevada eleven kept pace with their rivals during the first half, with a 0-0 dead-lock at halftime. Nevada, fighting back early in the third quarter, sent Thomas across for the first acore of the game. Hitting hard, Lamar recovered a Nevada fumble to set up her first TD. The try for extra point was no good, leaving Nevada ahead 7-6 late in the fourth quarter. The Tigers were forced to punt with minutes left Lamar kept driving until a 28 yard pass connected for their second tally. Seconds later the game ended with Nevada trailing 13-7, one of the hardest fought contexts of the year

Werst bulls through Neosho's wall for a Tiger touchdown.

### Rifle Club

The Nevada Junior Rifle Club was organized in 1941 under the leadership of Mr. N. T. Paterson. Its purpose is to teach members how to shoot well and to learn the rules of safety and sportsmanship. In 1954, a girls' team composed of Mary Haley, Donna Logan, Pat Carter, and Martha Pearse, shot an excellent score which boosted them to fourth place in the nation. The Rifle Club placed 35th from a total of 700 teams throughout the nation in 1954. The club has been inactive this year because of the lack of range facilities, but is contemplating plans for a new building expressly for club purposes.

### Board of Education

Lynn Ewing

O. M. Flory Vice-President

The members of the Board of Education for the Reorganized District R-5 are men who serve the community by working for the best educational program in the Nevada Public Schools

Three of the present members are graduates of Nevada High School, Mr. Lynn Ewing headed the class of 1921 and has served for nineteen years on the Board. Dr. W. S. Love graduated in 1915 and has been on the Board for nineteen years. Mr. Hubert Fowler, secretary, graduated in 1920 and has completed six years of service.

Mr. George M. Logan, president of the Board, this year will complete a nine year term of service. Mr. O. M. Flory, vice-president, has served six years; Dr. Roy W. Pearse was appointed last fall to fill a vacancy created by the untimely death of Mr. Virgil Dahmer.

The earliest record of the business meeting of the Board of Education is dated 1883. From these minutes to the present can be traced the continuous progressive march of education

The late Mrs. O. E. Inwood, former acting principal and teacher of N. H. S., was the only woman who ever served on the School Board.

Much progress has been made in the past few years under the leadership of the Superintendent C. H. Jones, Jr. Two completely modern grade schools were built in the period from 1951-54, and improvements were made on the high school building and the grade school buildings

Improvements on the high school building include a cafeteria, sound-proof band room with glass-enclosed practice rooms, stairways, rewiring, and fireproofing of the corridors.

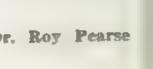

The Board of Education is the directing power of our education system, and the members are constantly working for the betterment of our public school system.

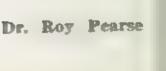

Dr. W. S. Love

### Parent-Teachers' Association

ROW ONE — Mrs. Glenn Burris, Historian; Mrs. Walter Thurman, Secretary; Mrs. Fritz Rombach, 1st Vice-President; and Mrs. George Ebbs, Treasurer ROW TWO — H. A. Kelso, 2nd Vice-president and Cecil Smith, President

The Nevada Junior-Senior High School Parent-Teacher's Association was organized on Thursday, December 12, 1935, at a meeting held in the high school auditorium. The Rev. Hugh Campbell, who had long been interested in parent-teacher work, spoke on the subject, "Parent-Teacher Organizations, and Their Place in the Community."

The first officers elected to serve were: the Rev. H. U. Campbell, president; Mrs. O. E. Inwood, vice-president; Mrs. L. F. Lindquist, secretary; Mrs. O. N. Eddlemon, treasurer; and Mrs. Walter Moberg, historian.

The milk project and the vaccination and immunization program for the high school age youth are but two of the projects receiving yearly attention from the P. T. A Cooking and serving the Junior-Senior Banquet for each year's graduating class, and contributing food and assistance as needed at the Big Annual Anti-Van Balloween Party are fine examples of Parent-Teacher co operation in banding together for the good of our youth.

# Superintendent

C. H. Jones, Jr. has served as superintendent of the Nevada school system since July of 1947. For two years previous to that time, he had been principal of the high school. Mr. Jones is the fifteenth man to head the schools of this community since the office of superintendent was created in 1886. Prior to this time, the head of the schools was known as the principal, although much of his time was employed in teaching. During Mr. Jones' administration the school district has been reorganized; two new huldings have been constructed, and all buildings have been enlarged to include cafeterias and additional class-rooms. The Nevada R-5 District School system is recognized by the State Department of Education as having an AAA rating, which is the highest classification.

Mrs. Ruth Weltmer has been accretary to the Board of Education since 1935. Miss Kleetis Wirth began working in the office of the superintendent in 1954 although she has continued in her former position as accretary to the Veterans' Farm Training School.

Mrs. Ruth Weltmer, Supt. C. H. Jones, and Miss Kleetis Wirth

W. Garland Keithly became principal of the high school in January of 1950. Thirteen years before that he had been in the graduating class of this school. He came to this position as principal from previous assignment as superintendent of the Walker school.

Mrs. Nelle Inwood, secretary to the principal has been working in this position since 1925.

#### SCHOOL HISTORY

Although this important year does not mark the 100th anniversary of the Nevada school system, the educational story is one of the important parts of our heritage. The ground on which the present building stands was donated by Mr. Benjamin Baugh to be used solely for school purposes. Before the Civil War, only one term of school was held in the one room frame building erected in 1860. The building was one of the few not destroyed by fire during the war, and it served as a community building as well as for a school.

In 1872 a brick building was erected. It has been necessary at times for the Board of Education to rent space for classes. It was not until 1907 that the central part of the present building was accepted by the Board of Education. In 1923 the additions on each side were erected Major improvements were made in the Junior-Senior High School building in the summer of 1954.

The story of the building program is apparent in this chart.

School	Construction	Replacement	Additions
Franklin	1885	1923	1954
Jefferson	1885	1923	1953
Benton	1892	1950	
Blair	1892 (burned	1949)	
Bryan	1896	1954	

The first class graduated from the high school in the spring of 1880. Except for the year 1881, the high school has annually had a graduating class. By May of 1954, 4,648 people had graduated from N. H. S. At first the Board of Education examined each candidate for graduation, but in 1886 a definite course of study was adopted. Work in all departments was approved by the State University examiner for the first time in the school year 1894-95.

During this year of the Vernon County Centennis? there are 1705 students attending schools taught by ? teachers in the R-5 district.

## Custodians

Dale McConnell, Homer Miller, Building Engineer; F. A. Nichols, Glen McGee, and Mes. Mabel McGee

The custodial staff has increased from its original one member to the present five members. When Mr. Homer Miller was hired in 1925, he and his family lived in the building and did all the lanitorial work themselves, with the exception of one man whom Mr. Miller hired from his own salary. Doing the necessary repair work and painting was part of the janitor's work at that time.

During his 30 years in the Nevada system, Mr. Miller has seen many improvements in our school. At present he serves as Building Engineer of all schools in R-5 District.

### **Bus Drivers**

The first year in which the Nevada High School owned and operated a bus was 1935-1936 Before that time some privately owned busses transported students to N. H. S. In August of 1939, new bus routes were authorized northwest and southwest of town, The Nevada R-5 District operates eleven school busses now, carrying approximately six hundred students, including the grade school pupils. The busies are fully approved by the State Righway Patrol and the State Board of Education. School bus service costs the district twenty cents each mile. This includes a liberal depreciation charge, complete insurance current and other operating expenses. The school has not any bruchs the pupil to school but frequently is used for field trips and excursions designed to enrich the classroom instruction

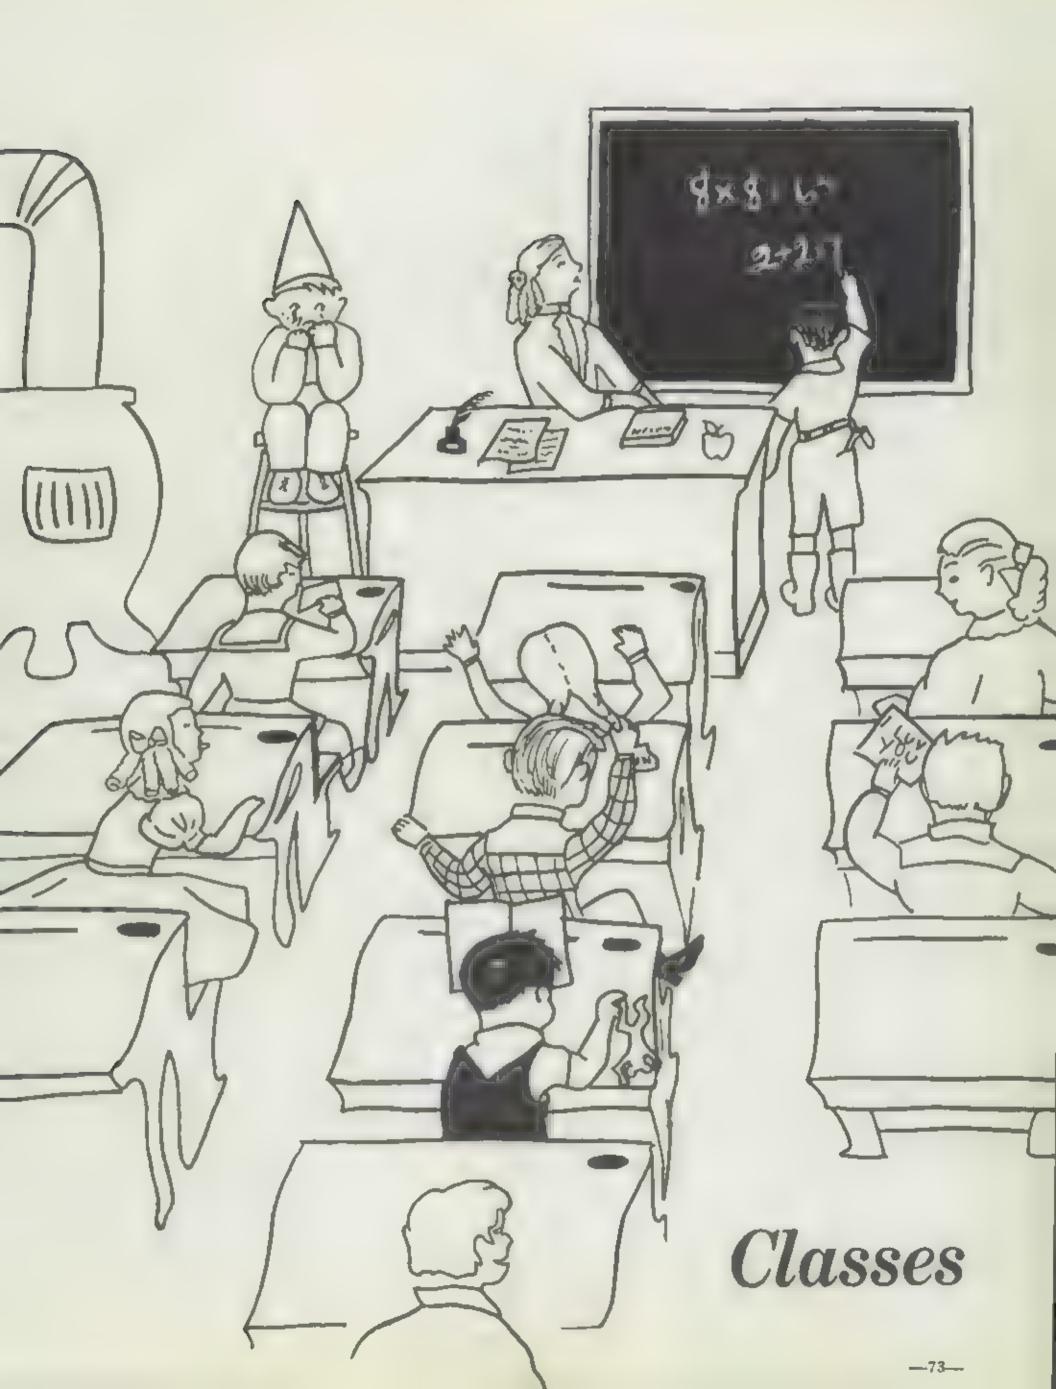

Mrs. Jane Pyle, Mrs. Irene Withelmson, Cafeteria Supervisor; Mrs. Nellie Lowry and Mrs. La Merna Wood, High School Supervisor,

### Cafeteria Staff

The cafeteria opened December 6, 1954. This event was the realization of a plan which had been visualized many years before. Approximately four hundred students are served at the noonday for twenty-five cents. The kitchen staff is made up of LaMerna Wood-kitchen manager, Mrs. Nellie Lowry and Mrs. Jane Pylekitchen. Mrs. Vera Wilhelmson-cashier
